

What is this questionnaire and why are we doing it?

This questionnaire aims to try to find out about a type of bullying. It asks about your views and experiences of any bullying that happens at school which you think is sexual in some way.

The charity Young Voice works to make young people's views heard.

What will we do with your answers?

We will use your answers to find out more about young people's experiences and views on this kind of bullying. We want to know whether you think certain behaviour is bullying or not. This information will be used by film makers who are making a programme for the BBC, to raise awareness of this issue.

There are no 'right or wrong' answers, we are asking for your opinions and experiences

Your views are important and will remain anonymous. Please do not write your name on the form

If there is a question you do not want to answer you may leave it out.

If the answer you want to give is not listed, please say what you'd like to on the line marked 'other'.

Thank you for helping with this important questionnaire.
